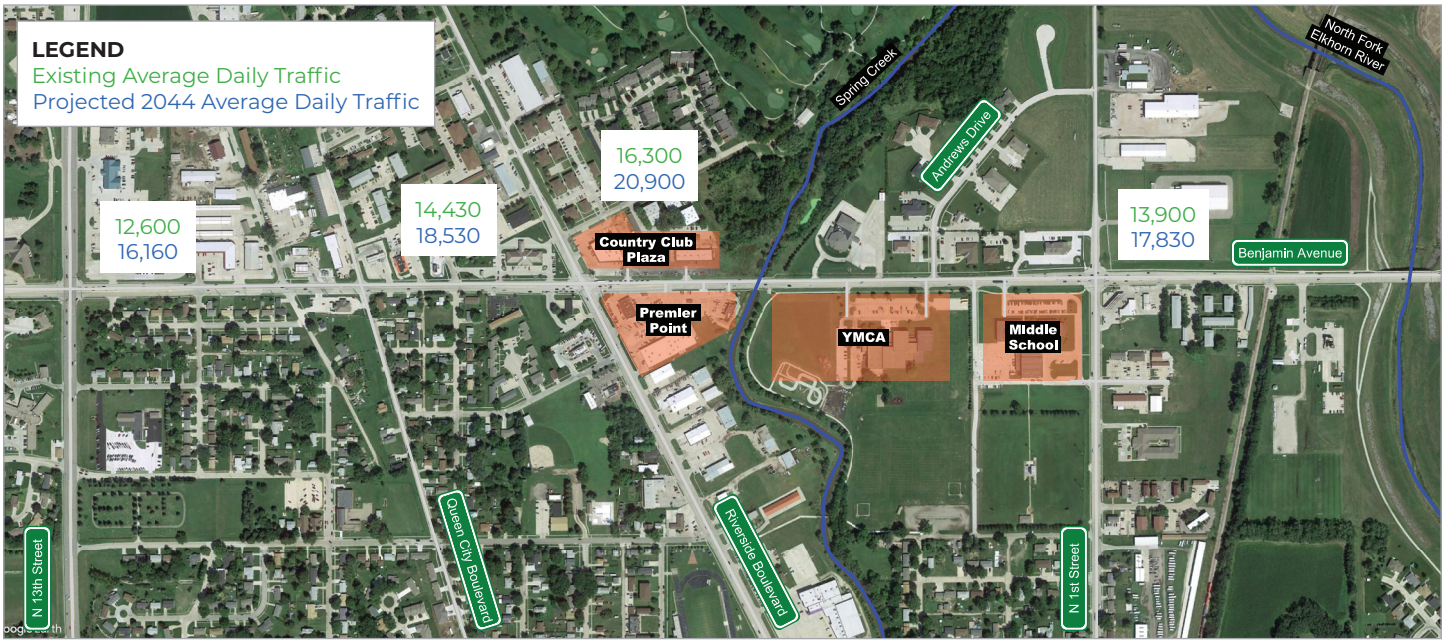
BENJAMIN AVENUE - 13th to 1st

THE PLANNED IMPROVEMENTS

Norfolk NEBRASKA right at home.



Design concepts must meet important project goals.

Engineering goals

- Improved safety
- Reliable driveway/intersection access
- 20+ years of new pavement life
- Meet current and future traffic demands
- Minimize to the extent possible, right of way impacts on private property
- Improved storm drainage
- Improved pedestrian safety and access to facilities for the disabled
- Enhanced roadway look and feel

SCHEMMER
Design with Purpose. Build with Confidence.
