maintenance, fountain repair at Ta-Ha-Zouka – Powell reported that he has requested dollars to be allocated for that in his budget and will report back if that gets approved. Wulf asked when that would get fixed if we would have to wait a year. Powell answered that work could start in October.

Leise reported past, current, and future projects they are working on at Skyview and the other City parks in Norfolk. Watering trees, removing equipment at Liberty Bell in preparation for the new equipment slated to come in the second week of August, and preparing for Big Bang Boom and Music Concert Series.

Mills asked about the low water level at Skyview. Powell responded and explained they are hiring a firm to repair the system, will need to do a clean out and a bowl assembly.

Mills commended the Division on the planting of trees in the community. Leise reported 2017-2020 planted 272 planted trees, 2021 planted 34 trees, 2022 planted 72 trees, 2023 so far planted up to 30 trees.

Mills asked about campground and cabin rental numbers. Beed responded that the campground is full every weekend and very busy during the week. Especially during softball tournaments.

Mills asked about Memorial Field topdressing. Beed explained they have been out there maintaining it and they have a new fairway mower.

Truex asked about the former baskets at Skyview. Leise explained they were given to the town Verdigre. Powell provided the recreation report to the Board. Different rec programs, events, tournaments, swim lesson numbers, Briggs and Barrett donating a reflection garden for Winter Park, two heaters at AquaVenture, and one went out right before the pool opened so that is in the process of getting replaced, playground donation for Liberty Bell from Premier Marketing and Integrity Group, and updated AV hours for July 3 and 4.

Powell reported Admin items to the Board. Master Plan, ribbon cutting for the Warren Cook Storybook Trail, sent out for nominations for the Green Leaf Award, budget process is going on internally, sidewalk completed at Skyview Park parking lot, curb and gutter at Liberty Bell completed, AV Octopus dump bucket feature postponed to replace the heater, skate park agreement approved to install the pump track, completed agreement with the NPS and NECC, special Parks board meeting August 22 for the Master Plan, the 23rd will have a public open house. Requests from citizens from the last month were to have Johnson Park bathrooms open longer and staff responded and the bathrooms are open until 10:30 p.m., mosquitoes at Ta-Ha and staff responded and will be fogging, benches and trash cans downtown staff will be talking with the DNA and VPD regarding this request.

Mills asked about the Johnson Park progress. Powell explained the grading was just awarded at the last Council meeting. The 29th the ice arena and fountain bid will be closed. Would like to have ice skating this winter. The rink will be a refrigerated system so hopefully can go Thanksgiving to March with consistent ice.

Rasmussen asked if the river was going to flow this summer. Powell responded that we went down to seven features to create a surf feature and that is why the river opening is delayed. Discussion still taking place on when the river will open back up. Mills asked about life jackets. Powell explained they would be provided and promoted, but it is not a requirement.

Truex asked about wayfinding and historical panels. Powell explained he is trying to secure funding now and hoping to use grants for the majority of funding.

Rasmussen asked about more trash cans at the events and Leise explained they did receive a request and extra cans were provided. Temple asked about recycling. Leise explained there are not any recycling cans.

Temple asked about additional lighting in the Parks and if that was something on our radar. Powell said yes, Johnson Park, Warren Cook, and Skate Park are all lighting projects currently going on.

Board discussed meeting date and time. Determined that 5:00 p.m. would be a better time to meet. Motion made to change the meeting time from 5:30 p.m. to 5:00 p.m. for all future Parks and Recreation Board meetings. Roll call: Ayes: Dover, Gerhart, Mills, Rasmussen, Temple, Truex, and Wulf. Recreation Notes June

Active:

I have been working to make sure schools and clubs can now reserve any of our sports complexes on our Active site. After figuring out the details I believe we now have a simple process that people can work through to schedule their events on our fields.

At this point, I have been working with the schools and college and we have almost all the fall events scheduled for the fields at Ta-Ha and Memorial.

This will also be a simple process for our staff to view and understand the calendar. All these activities can be viewed from the home page on our active site.

Recreation and Aquatics June /July

After switching gears to our Recreation Camps, we have had some successful participation.

Individuals that had signed up for our single activities received a discount on their participation during the camp. I implemented three different age groups 5 and 6-year-olds, 7 and 8 years old, and 9 to 12-year-olds.

During the camps, our staff is working hard to make sure everything is implemented from all the activities in our catalog. We utilized AquqVenture and the football and baseball fields at Memorial.

Our partner recreation programs are also still ongoing through June and July. Instructional Hockey, Skateboard School, Gardening, and Movie Night.

Preparing for the Fall and Winter

I am now preparing for our fall and winter programs that will be starting in late August and earlier September. I am bringing back the events that had great success last year and adding several new programs.

The new programs will put more emphasis on adult, family, and senior activities. Working with the senior center in Norfolk I'm excited to possibly host youth and adult activities in their building.

The fall and winter activities catalog are almost complete. The plan is to make sure families have the catalog at the conclusion of the summer. I will also have it in the schools at the beginning of the school year.
